

 **Response:**

- 1.The institution always try to adopts new changes in the technology to make teaching-learning process effective and student centric.
2. The college always provides to its teachers as well as students well equipped laboratories, class rooms having audio visual facility, high speed internet connection, library to make the learning process of the students interactive & enhancing their learning experience.
- 3.Students are encouraged to participate in the seminars, competitions, management meets, group discussions etc. to make their learning experience more interesting.
- 4.The institution is very keen towards use of modern teaching methods & interactive learning with the help of educational materials like CD's, YouTube, short films etc.
- 5.The students of Science Department undertake project work in their course. All students are required to prepare an individual project for environmental studies for enhancement.
- 6.College time table is designed by considering the geography and considering the fact that the students are coming from interior part of the rural area.
- 7.Along with regular course, the college also conducts different programs through Lifelong Learning and Extension and UGC schemes.
- 8.Faculty members also participate in seminars, workshops, short term courses, refresher courses for up-gradation of their knowledge.
